Section I

201-444-8000

Product Name:

Proofing Ink - Black

Identification

Manufacturer Mosstype Corporation 150 Franklin Turnpike Waldwick, NJ 07463

1-800-255-3924 (Chem-Tel) <u>Technical & SDS Information</u> 201-444-8000 <u>Preparation Date</u> revised 01/25/16 <u>Product Identification</u> 7640 0403 25

Section 2

Hazards Identification

2.1 Classification of the substance or mixture

Recommended use: Proofing Print Plates

Acute Tox. 5; H303May be harmful if swallowed. (Not adopted by US OSHA)Skin Irrit. 2; H315Causes skin irritation.Eye Irrit. 2; H319Causes serious eye irritation.

STOT RE 2; H373

May cause damage to organs through prolonged or repeated Exposure. Specific Target Organs: (kidneys)

2.2 . Label elements

Using the Toxicity Data listed in section 11 and 12 the product is labeled as follows:

H303 May be harmful if swallowed.

H315 Causes skin irritation.

H319 Causes serious eye irritation.

H373 May cause damage to organs through prolonged or repeated exposure.

Prevention:

P260 Do not breathe mist/vapors/spray.

P264 Wash thoroughly after handling.

P280 Wear protective gloves/ eye protection / face protection.

Response:

P302+352 IF ON SKIN: Wash with plenty of soap and water.
P305+351+338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do – continue rinsing.
P312 Call a POISON CENTER or doctor / physician if you feel unwell.
P314 Get Medical advice / attention if you feel unwell.
P321 Specific treatment (see information on this label.)
P332+313 If skin irritation occurs: Get medical advice / attention.
P337+313 If eye irritation persists: Get medical advice / attention.
P362 Take off contaminated clothing and wash before reuse.

Storage:

No GHS storage statements.

Disposal:

No GHS disposal statements.

Section 3

Composition/Information on Ingredients

This product contains the following substances that present a hazard within the meaning of the relevant State and Federal Hazardous Substances regulations.

Ingredient/ Chemical Designations	Weight %	GHS Classification	Notes
Glycerol CAS Number: 0000056-81-5	25-50	Not Classified	[1] [2]
Calcium carbonate CAS Number: 0001317-65-3	10-25	Not Classified	[1] [2]
Ethylene glycol CAS Number: 0000107-21-1	5-10	Acute Tox. 4;H302 STOT RE 2;H373	[1] [2]
Diethylene glycol CAS Number: 0000111-46-6	1-5	Acute Tox.4;H302	[1]
Ethanolamine CAS Number: 0000141-43-5	1-5	Acute Tox.4;H332 Acute Tox. 4;H312 Acute Tox. 4;H302 Skin Corr. 1B;H314	[1] [2]

In accordance with paragraph(i) of §1910.1200, the specific chemical identity and/or exact percentage(concentration) of composition has been withheld as a trade secret.

[1] Substance classified with a health or environmental hazard.

[2] Substance with a workplace exposure limit.

[3] PBT- substance or vPvB-substance.

* The full texts of the phrases are shown in Section 16.

Section 4	First Aid Measures
4.1 Description of f	irst aid measures
General	In all cases of doubt, or when symptoms persist, seek medical attention. Never give anything by mouth to an unconscious person.
Inhalation	Remove to fresh air, keep patient warm and at rest. If breathing is irregular or stopped, give artificial respiration. If unconscious place in a recovery position and obtain immediate medical attention. Give nothing by mouth.

revised 01/25/16

Safety Data Sheet
Proofing Ink Black (7640 0403 25)

Page 3 of 9 revised 01/25/16

Eyes	Irrigate copiously with clean water for at least 15 minutes, holding the eyelids apart and seek medical attention.		
Skin	Remove contaminated clothing. Wash skin thoroughly with soap and water or use recognized skin cleanser.		
Ingestion	If swallowed obtain immediate medical attention. Keep at rest. Do NOT induce vomiting.		

4.2 Most important symptoms and effects, both acute and delayed

Overview	Inhalation of vapors may cause irritation of the nasal passages.
	Contact with the eyes causes irritation and redness.
	Skin irritation may develop.
	Repeated and/or prolonged contact with the skin may cause skin irritation and/or dermatitis.
	Warning: This product contains in trace amounts the following chemicals known
	to the state of California to cause cancer.
	Nickel
	Cobalt Metal Powder
	See section 2 for further details.
Eyes	Causes serious eye irritation.
Skin	Causes skin irritation.
Ingestion	May be harmful if swallowed.

Section 5

Fire-Fighting Measures

5.1 Extinguishing media

Use dry chemicals; CO2: water spray or alcohol resistant foam.

5.2 Special hazards arising from the substance or mixture

Hazardous decomposition: No hazardous decomposition data available.

Do not breathe mist / vapors/spray.

5.3 Advice for fire-fighters

Use water spray to cool unopened containers. Excessive heat may cause closed containers to explode. Remain upwind and avoid breathing smoke.

Fire fighters and others who may be exposed to the products of combustion should be equipped with NIOSH approved positive pressure self-contained breathing apparatus (SCBA) and full protective clothing. **ERG Guide No.** ---

Section 6

Accidental Release Measures

6.1 Personal precautions, protective equipment and emergency procedures

Put on appropriate personal protective equipment (see section 8).

6.2 Environmental precautions

Do not allow spills to enter drains or waterways.

Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.

6.3 Methods and material for containment and cleaning up

Stop discharge and contain spill using a dike or barrier. Use an absorbent such as Fuller's earth, clay or other appropriate material. DO NOT flush to sewer, stream or other bodies of water unless authorized by Government Official.

Handling and Storage

7.1 Precautions for safe handling

This container is hazardous when empty. DO NOT use heat, sparks, open flames, torches, or cigarettes on or near empty container. Empty containers can retain product residues. DO NOT flush contents or rinsed contents down a sewer or drainage. DO NOT reuse empty container for food, clothing, or products for human or animal consumption or where skin contact may occur. See section 2 for further details – Prevention.

7.2 Conditions for safe storage, including any incompatibilities

Handle containers carefully to prevent damage and spillage.

Store in cool, dry ventilated area. Avoid excessive heat. Always keep containers tightly closed when not in use. Wear approved eye goggles and gloves when handling.

Incompatible materials: Avoid contamination with strong oxidizing agents and acids. Do not mix contents with other materials without first consulting manufacturer.

See section 2 for further details - storage.

7.3 Specific end use(s)

No data available.

UNIT			ate non-absorbant vinyl or rubber gloves to help prevent	
		and minimize skin cor		
Engineering of	controls	Provide adequate ver	itilation. Where reasonably practicable this should be	
		achieved by the use of	of local exhaust ventilation and good general extraction. If	
			t to maintain concentrations of particulates and any	
			onal exposure limits suitable respiratory protection must	
			onal exposure limits suitable respiratory protection musi	
		be worn.		
Other Work P	ractices	Use good personal hy	giene practices. Wash hands before eating, drinking,	
		smoking or using toile	t. Promptly remove soiled clothing and wash thoroughly	
		before reuse.		
See section 2	for further details			

See section 2 for further details – Prevention.

Section 9 Physica	I and Chemical Properties
Appearance	Semi paste material solid
Odor	Ammonical
Odor threshold	Not determined
рН	Not measured
Melting point/freezing point	Not measured
Initial boiling point and boiling range	Unknown
Flash point	Unknown
Evaporation rate (Ether =1)	Slower than ether
Flammability (solid, gas)	Not applicable
Upper/lower flammability or explosive limits	Lower explosive limit: Not measured
	Upper explosive limit: Not measured
Vapor pressure (Pa)	Not measured
Vapor density	Heavier than air
Specific Gravity	(H2O = 1) 1.404
Solubility in Water	Soluble
Partition coefficient n-octanol/water (Log Kow)	Not measured
Auto-ignition temperature	Not measured

Page 6 of 9 revised 01/25/16

Decomposition temperature Viscosity (cSt) Not measured Not measured Material V.O.C.: 1.8 lb/gl Coating V.O.C.: 2.96 lb/gl V.O.C. Grams/Liter: 216 g/l 11.695 lb/gl

Density

No other relevant information.

Section 10

Reactivity and Stability

10.1 ReactivityHazardous Polymerization will not occur.10.2 Chemical stabilityStable under normal circumstances.

10.3 Possibility of hazardous reactions

No data available.

10.4 Conditions to avoid

No data available.

10.5 Incompatible materials

Avoid contamination with strong oxidizing agents and acids. Do not mix contents with other materials without first consulting manufacturer.

10.6 Hazardous decomposition products

No hazardous decomposition data available.
